Sparc

Co-funded by the European Union

SPARC has established its Patient and Caregiver Advisory Group (PCAG) to ensure that lived experience is meaningfully integrated into personalised cancer care across Europe.

The voices of patients and caregivers are essential. We are currently looking for new members to join the PCAG.

The PCAG focuses on seven types of cancer: lung cancer, pancreatic cancer, breast cancer, adrenocortical carcinoma, neuroblastoma, multiple myeloma, and melanoma.

As a PCAG member, you will attend selected SPARC meetings and give input on guidelines and materials for cancer patients.

Who can join the PCAG?

1. Patients
2. Caregivers
3. Patient representatives
